Date:

All designs proceed only after written approval and advance confirmation.

Manufacturing Terms & Conditions

1. Design Approval

All CAD designs, specifications, and measurements must be approved in writing before production begins.

2. Advance Payment

An advance payment is required to confirm production. This amount is non-refundable once manufacturing has commenced.

3. Manufacturing Timeline

Production timelines are estimates and may vary depending on design complexity, material availability, and order volume.

4. Changes & Modifications

Any changes requested after CAD approval may result in additional costs and revised delivery timelines.

5. Quality Control

All jewellery undergoes strict quality checks prior to dispatch to ensure compliance with agreed specifications.

6. Pre-Dispatch Review

Photos and/or video of the finished item will be shared prior to shipment for client review.

7. Final Payment

The remaining balance must be settled before or upon delivery, as agreed.

8. Shipping & Risk

Once dispatched, the risk transfers to the client. Shipping insurance is recommended.

9. Confidentiality

All designs and pricing are confidential and intended solely for the client's use.
